Size range:	EN 21420: EU 7 – 8 – 9 – 10 – 11 / US 8-12 - COMMERCIAL SIZES: S – M – L – XL – XXL.
Technical File:	DC-19558/E
Test report:	RCT n° 4348090/E

EU Type Examination Certificate

Date: 2025/01/29

n. **525250508/OE**

Validity: 2030/01/28

Functions and
performance levels:

To offer limited protection against minor bruises, lifted stones and debris such as those riders often encounter in off-road biking activities (does NOT PREVENT more severe traumas in case of falls).

EN ISO 21420:2020

Protective gloves. General requirements and test methods:
the gloves satisfy the general requirements of design and manufacturing, innocuousness, ergonomic properties.

me-int 100 rev.00
(partially based on
applicable parts of
EN 13594:2015)

According to basic requirements tested and assessed (for ex.: seams strength, tear strength, restraints system, abrasion resistance of the palm, knuckle protection -reduced requirements adapted to OFF-ROAD use) this glove has obtained an overall PASS level.

Marking:

printed on different labels stitched to the glove, which in combination give the following information:

- **CE Marking;**
- name/logo and complete address of the Manufacturer;
- item designation (unique/unambiguous);
- size indication (commercial size + US + EU);
- additional information on different labels: composition materials, care symbols & instructions, "Made in...", internal codes, contact information etc.

BLACK (codes: 6021040100-104)
