

# EU Type Examination Certificate

Date: 2023/04/19

n. **525231603/OE**

Validity:  
2028/04/18

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: (Responsible of the PPE)	<b>LEATT CORPORATION</b> 12, Kiepersol Cresc., Atlas Gardens – Contermanskloof – DURBANVILLE – ZA-7550 CAPE TOWN – SOUTH AFRICA
Type of PPE:	<b>Motorcyclists' limb joint impact protector.</b>
Category of PPE:	<b>II</b> : "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.
Model	<b>"Knee Guard Dual Axis Jr"</b> <b>Blk / Wht</b> - Codes: <b>5023051050 – 100 (*)</b>
Description:	<p><b>BLACK:</b></p>  <p><b>WHITE:</b></p>  <p><u>Description of the <b>BLACK</b> version:</u> <u>design:</u> - multilayer construction; <u>external shell:</u> - black hardshell partially perforated with gold graphics and white marked "LEATT" (Left SJ019005002085 / Right SJ019005002086); - grey cup hardshell (Left SJ019005002087 / SJ019005002088); - black hardshell partially perforated with gold graphics (Left SJ019005002089 / Right SJ019005002090); <u>internal/external material:</u> - black knitting (BL030007011041); - black velvet knitting matched with anthracite foam material and black knitting (BL031019011002); - black fabric (WF012057018001); - anthracite 2mm SBR-CW foam laminated with black fabric with 1mm punched (PZ-039036028019001); - black thicker mesh (BL070006010002); - black polymeric net (BL070006008002); - black 38mm stretchable Velcro loop fabric (ZZ-010013002007); - black 32mm elastic webbing (ZZ-008007002038); - grey polymeric guard clip (Left SJ019005002071 / Right SJ019005002072); - black flat head metallic rivet (WJ002059001002).</p> <p><b>(*)</b> = codes depending on (2) colorways available.</p> <p>Other COLOR available = <b>WHITE</b> (- white hardshell partially perforated with red graphics and black marked "LEATT" (Left SJ019005002085 / Right SJ019005002086).</p>
Technical Standard:	<b>EN 1621-1:2012</b> Motorcyclists' protective clothing against mechanical impact - Part 1: Motorcyclists' limb joint impact protectors: requirements and test methods.
Intended use:	preventive use against mechanical impacts during off-road motorcycling and all-terrain biking activities. Use of additional P.P.E. for motorcycling use (such as garments, gloves, boots, helmet) is highly recommended for more comprehensive protection of the rider's body.
Size range:	<b>K (Knee) Type A – ONE commercial SIZE = Jr = Junior.</b>
Technical File:	<b>DC-16720</b>
Test report:	<b>RCT n° 4210610/E</b>

# EU Type Examination Certificate

Date: 2023/04/19

n. **525231603/OE**

Validity:  
2028/04/18

Functions and  
performance levels:

To reduce the severity of injuries caused by impacts. The protectors give a limited protection against mechanical impact in case of accidents.

Method: planar face drop striker at 50 J;

Mandatory test: from the values of the transmitted force obtained at standard ambient conditions and after hydrolytic treatment (= wet conditions):

The overall performance level achieved is **level 1**.

Note: The Standard provides 2 performance levels with level 2 meaning the higher performance. The protective functions depend on the correct positioning of the protector, which falls within the responsibility of the user.

Marking:

printed on 2 or more labels stitched to the P.P.E. and displaying in conjunction the following information required by the Norm:

- **CE Marking**;
- Name/ Logo of the Manufacturer (+ complete address and website);
- item designation (article name and code);
- pictogram for motorcycling use, with: protector type and size + overall performance level achieved during laboratory tests + nr. / year of the Technical Standard of reference;
- commercial size indication;
- the "i in the booklet" pictogram inviting the user to read the User Manual;
- additional information: date of manufacturing = BATCH nr., "Made in", care instructions and material composition.

**BLACK**

**WHITE**

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements. The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
